Welcome

To Members and Guests of the
American Numismatic Association:

A HEARTY WELCOME TO BOSTON!

For 27 long years Boston has awaited the return of the ANA Convention to its fair City. The Officers and Members of the Boston Numismatic Society have looked forward eagerly to your attendance here, and have worked hard on the objectives planned for your visit, numismatically and otherwise.

Still making history is the last ANA Boston Convention, kept alive through pleasant stories told occasionally by our members Charles Davis, Reinhold Faelton, John LeBlanc, Frank Shumway, Foster Stearns, George Tilden (a member for 38 years), Lester Watson, and William Willey, who were fortunate enough to have been members even "way back then." We hope that the combination of advice, helpfulness and suggestions of these our older members,—plus that of all our other members who have worked faithfully to insure you a happy five days here,—have increased our wisdom so, and enhanced our welcoming sensibilities to such heights, that we shall prove perfect hosts and hostesses.

Our Ladies Committee (members) "newish" to our Society will supply the feminine touch necessary to our great hobby, Numismatics, which is still predominantly masculine in tone.

We are grateful for the chance of having you as guests for this, the 1948 ANA Convention. We hope you will enjoy every moment of your stay here.

This welcome carries the best of good wishes and thanks for a happy, successful and profitable Convention.

HENRY SCHUHMACHER, *President,* B. N. S.

Acknowledgements

This—the 57th Anniversary Convention of the ANA—the locale, Boston, wouldn't and couldn't have been so well planned, nor would those plans be so well executed if it weren't for the able, the very cheerful and the very willing assistance of our Members and Fellow Numismatists.

To our ANA President, Loyd B. Gettys, who assured us when we were questioning with his ready and willing advice.

To our Convention Committee appointed by President Gettys, Col. Joseph Moss, Chairman; J. Douglas Ferguson, Charles H. Ryan and Louis S. Werner, for their time and presence with our Boston Convention Committee and their talks laden down with pertinent facts, their invaluable advice.

To Stuart Mosher, the able Editor of THE NUMISMATIST magazine, whose unfailing enthusiasm for any news, as long as it was Numismatic, made the job of publicizing the Convention a pleasure.

To all Dealers who so willingly subscribed and worked for the success of this—yours and their Convention.

To our advertisers, without whom this booklet wouldn't have been possible.

To the State of Massachusetts, the City of Boston (especially the Park Department), and the Chamber of Commerce, who have given us such unending support and assistance.

To the Boston Edison Company for their courtesy in entertaining our ladies.

To a legion of unnamed cooperators who are ever ready and ever necessary for the execution of such a huge undertaking as a national convention.

And last, but not least, *to our Sub-Committee Chairmen* and their assistants, who gave unstintingly of their time and efforts to reach the zenith—THE ANA 1948 CONVENTION.

Greetings from Your President to A.N.A. Members, Everywhere:

The culmination of long laid and detailed plans for your pleasure is at hand. My chief feelings are of relief and anticipation. Relief that the ground work is laid and all that remains is for each of you to wholeheartedly enjoy Boston and the varied program which the committee has so zealously provided.

I hope that your enjoyment will measure up to our expectations. That you may have the best time ever is my sincere wish.

Faithfully yours,

HISTORY

The Boston Numismatic Society, third in order of foundation of the numismatic societies in the United States, was organized March 3, 1860, being junior only to the Numismatic and Antiquarian Society of Philadelphia and the American Numismatic Society of New York. March 19, 1870, it received a corporate charter from the Legislature of the State of Massachusetts.

The first three decades of its existence saw the society generally active with members in various states of the Union and abroad, holding meetings monthly and evidencing interest equally in American and European numismatics. Considerable progress was made in forming a cabinet of coins and medals and assembling a numismatic library, and in 1873 a medal was issued bearing on one side the seal of the society and on the other that of the New England Historic Genealogical Society.

Due probably to an excessive caution in electing new members, the roll gradually shrank until in 1897 the membership had fallen to the small number of six of whom William Sumner Appleton (senior), who had held the office of secretary from the beginning, was the sole survivor of the founders. At that time the remaining members, having in mind dissolution of the society, gave about one-third of its funds and most of its coins and medals to the Boston Museum of Fine Arts, donating another third of its funds and almost all of its books and pamphlets (over two hundred in number) to the Boston Public Library, reserving, however, sufficient money to continue the financial aid it had extended yearly since 1885 to the American Journal of Numismatics.

From 1899 to 1906 there was but one meeting annually. In the latter year the attention of the surviving members, then but three in number, was called, chiefly through the instrumentality of the late Howland Wood, subsequently curator of the American Numismatic Society, to the existence in Boston of a group of younger men interested in numismatics and qualified to continue the society with the result that at the annual meeting, January 24, 1907, a renaissance was begun by the election of four new members.

Succeeding increases in membership led rapidly to a vigorous revival, the resumption of monthly meetings and the re-establishment of the society in the esteem of numismatists in America and abroad. At present it enjoys a membership of approximately sixty and is a corporate member of the American Numismatic Association which, under the society's auspices, held its annual convention in Boston in August, 1921.

The Society's sixtieth anniversary, coinciding with the Pilgrim Tercentenary in 1920, was the occasion for the striking of a bronze medal (designed by Kilenyi) which is well known in American numismatic circles.

The Society's third medal was struck in 1935 to commemorate the seventy-fifth year of organization. The medal, struck in silver to the number of one hundred and two specimens, was presented to each member in good standing and to various numismatic societies in the United States and abroad.

The Society's fourth medal was struck in 1945 in memory of Shepard Pond who was a life member, and had served the Society in all officerships other than Vice-President. He had been a member twenty-four years.

Mr. Pond became a Fellow of the American Numismatic Society in 1928, and because of his great interest in that Society his election as a member of the Council took place in 1938. In 1944 he was elected to the Board of Governors, and his participation as a member of the Board of Governors of the American Numismatic Association also, served to link these two organizations more closely.

Mr. Pond was a Fellow of the Royal Numismatic Society, London, a member of La Societe Francaise de Numismatique, La Societe Royale de Numismatique de Belgique, and corresponding secretary for the Numismatic Society of South Australia. He was Curator of Coins for the Massachusetts Historical Society.

One hundred specimens of this bronze medal were distributed to members of the Boston Numismatic Society, various other Numismatic organizations, and Societies other than Numismatic which had coin collections, and of which Mr. Pond was a member.

The reverse of this medal commemorates the 85th anniversary of the Boston Numismatic Society.

In this year of 1948, the Society's membership is well over the one hundred mark for the first time in its history, with its membership extending from Coast to Coast.

National Coin Week Activities of our Society resulted in three consecutive awards for the years 1943, 1944 and 1945—followed by a first award in 1946.

Having no permanent headquarters, the society has made but little effort in recent years to assemble a cabinet or library but has rather concentrated the interest of its members on its monthly meetings to which they are encouraged to bring specimens for exhibition and discussion and at which special topics in numismatics are often featured and prepared papers are read several times a year.

THE CONVENTION EXHIBITS

Your attention is directed to the extensive exhibits on display. One of the purposes of the Annual Convention is to provide exhibits of all types of Numismatic Material for the pleasure of the delegates and the instruction of the public. The items shown in the cabinets represent some of the finest specimens available, and if not all rare and valuable, are at least of unusual appeal or interest.

As this program is printed well before the Convention, it is not possible to list in detail the formal exhibits. It is probable, however, that the material on display will cover most of the field of numismatic study. Some of the range of interest may be judged from the following list, most of which will be present in some form in the exhibit cases:

UNITED STATES COINS

The Colonial Period
The Regular Mint Issues
The Pattern or Experimental Coins
The Proofs, or Collectors Samples.

FOREIGN COINS

The Ancient Coinages
European & World Coinages
Specialization in 'Crown' or large Silver Coins
Oddities in Currency Issues.

MEDALS

Historical or Artistic, showing many fields of interest.

TOKENS, OR EMERGENCY MONEY ISSUES

American Hard Times Tokens
American Civil War Tokens
Canadian Provincial Issues
Transportation Fare Tokens.

PAPER CURRENCY

United States Federal Currency
U. S. State Bank Issues 19th Century
Confederate States of America
Seceded States Issues.

Canadian and Foreign Paper Currencies.

Gentlemen

It is with a great deal of pleasure that I have been authorized to extend to the American Numismatic Association, a very cordial invitation to hold its 1950 annual meeting in Florida. I am joined by each person residing in Florida, in extending this invitation.

Florida offers many diversions. There is every source of recreation available to be desired by any convention delegate. We have a wonderful climate the year round. The fresh water and salt water fishing are excellent and most of our hotels are the last word in facilities for catering to conventions. There are many scenic beauties within the state. We have both the gulf coast and the sea coast, thousands of fresh water lakes for boating as well as fishing. Florida possesses the unusual in points of interest, for example: the only oceanarium in the world is located on the east coast between Saint Augustine and Daytona Beach. Then, there is Silver Springs, the underwater fairyland of the world with nearby Rainbow Springs which has a waterfall. There are various gardens all over the state with every conceivable type of flower and tropical plant.

We anticipate the pleasure of being host to the 1950 convention.

With best wishes, I am

Sincerely yours,

Johnny Flood,
ANA District Secretary
for Florida

FOREWORD

In presenting my first A. N. A. Auction Sale I do it with a sense of pride and a spirit of humbleness. Pride in being honored by the award of the Sale, having been in business not quite three years — humbleness in being entrusted with the huge job of putting between two covers the printed words that go to make up the OFFICIAL PROGRAM AND AUCTION CATALOGUE of the 1948 A. N. A. CONVENTION.

I have given my best efforts toward making a truly fine journal and it is my sincere wish that members of the American Numismatic Association will be pleased. I was, however, unable to keep a promise to provide a plastic binding. The time element had not been considered and it would have meant a delay of about a month.

In keeping with my auction policy, I have not mentioned the names of the consignors of the wonderful material offered. Needless to say, some of the BIGGEST NAMES in the numismatic fraternity are represented.

A word about the arrangement of the auction catalog — Every effort has been made to making your visit to the auction room a pleasant one. No long runs of one type of material is offered which usually bores the non-collector of that type. Material has been arranged in sequence, without thought of separating consignments — this makes it easier for you although provides us with a big bookkeeping job.

We have provided a new type of bid sheet for the mail bidder. To our knowledge it is the first time that a duplicate bid sheet has been supplied with a numismatic catalog. We trust it meets with your approval.

We would be remiss on our part were we not to publicly and gratefully acknowledge with thanks the assistance received, without which this journal could not have succeeded. Sincere thanks to Mr. Loyd Gettys and the entire Board of Governors of the A. N. A.; The Convention Committee, composed of Messrs. Lewis M. Reagan, Louis S. Werner, Charles Ryan and Col. Joseph Moss; The Boston Numismatic Society Committee, composed of Messrs. Henry Schuhmacher, Edgar A. Welti, Malcolm O. E. Chell-Frost, Frank H. Shumway, Horace M. Grant and Mrs. Shepard Pond; Messrs. J. W. Stowell, senior and junior, publishers of the journal and last but not least, my helpmeet, Frances M. Katen.

THE HALF DOLLAR PROOF COLLECTION

584 1857 to 1891, Philadelphia Mint Halves in BRILLIANT PROOF. We felt that this magnificent part of the above half dollar collection should be sold as a whole and not broken up. We have assembled the 34 pieces in two new National Coin Holders, with a view of better displaying them before the sale. This collection is complete except for the 1858; the 1866 Without Motto (which is unique); the 1865 With Motto; and the 1873 With Arrows. In our opinion it is worth, in its present state, more than the catalog of over 400.00

Balance of this Half Dollar Collection Will be sold Tuesday, August 24th.

THE HOUSE OF SEABY

Our managing director, H. (Bert) A. Seaby, had such a friendly welcome from the members of the A. N. A. at Buffalo last year, that we are hoping to send over another member of our staff, Gilbert H. Askew, this year if the Government authorizes the visit.

Gil. Askew, although a comparatively new member of our staff, has been a numismatist for some twenty years. He is a Fellow of the Society of Antiquaries of London, for many years on the Council of the Royal Numismatic Society, and is a member of many other learned societies. He specializes in Ancient coins and has recently compiled our Catalogue of Roman Coins.

Greetings to the 1948 A. N. A. Convention

from THE GREENS

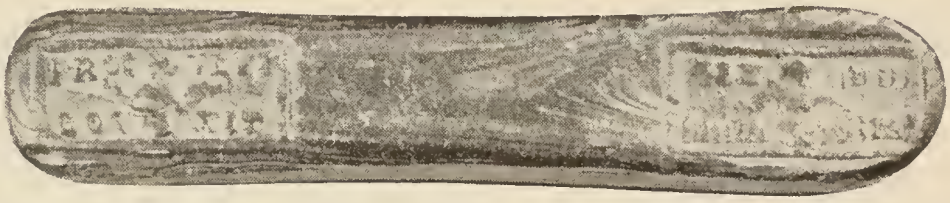
We are attending this convention for the purpose of visiting with our many collector and dealer friends with whom we have dealt for many years; also to meet the new collectors and dealers who will be attending their first convention. This we enjoy more than selling coins.

Our stock is one of the best you will find in the country—from Half-Cent Pieces to Fifty Dollar Slugs, together with many foreign and ancient coins.

If you have rare coins or a complete collection for sale, we are always in the market to buy.

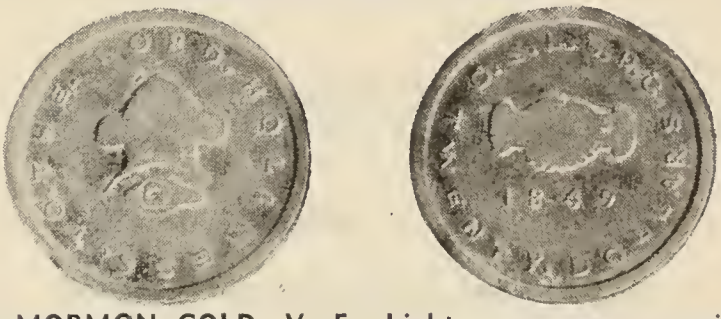
The following are two interesting pieces from our stock:

ROMAN GOLD BAR



This is from the Consul Weber Collection under No. 2938, oval, stamped twice with the same stamp but in opposite direction. The stamp is rectangular and the text is: "PROC-VLVS/COC-XIT" appearing above and below the figure of the Sphinx, head to left, both arms extended. Length, 9.1 cm., width, 1.80 x 1.60 cm., thickness, 0.90 x 0.79, weight, 211.80 grammes. Unique specimen in Ex. F. condition. Found in Bulgaria in 1904. Price on request.

$20.00 MORMON GOLD



$20.00 1849 MORMON GOLD, V. F. Light even wear, no nicks, $550.00

For a partial list of our stock of rare U. S. and Foreign Gold, see our display at this Convention. Fixed price list available to those attending the Convention. If you cannot attend, ask to be put on our mailing list.

Each note if uniface is pasted on a separate sheet with a black ink border; double faced notes are tipped on at the edges over the cut-out hole. The volume contains 1 Massachusetts, 39 Rhode Island and 48 Continental Congress notes for a total of 87 pieces. They are with a few exceptions crisp uncirculated clean notes. We shall leave it to the Washington fans to determine the price on this lot. ____

A GROUP OF RARE U. S. COLONIAL COINS, SELDOM OFFERED EXTREMELY RARE, CONTINENTAL DOLLAR, IN SILVER!

768 1776 CONTINENTAL DOLLAR, IN SILVER. From the Col. Green Collection. The First silver dollar struck for the United States, issued eleven years before the regularly authorized coin which was the Fugio Cent of 1787. It has similar devices and legends of the Fugio Cent. Ob. WE / ARE / ONE in circle surrounded by AMERICAN CONGRESS in circle from which radiate thirteen circles each inscribed with the name of the original colonies. Rev. Sun looking down on sun dial, below MIND YOUR BUSINESS, below E.G. FECIT with FUGIO above. Around in circle in large letters CONTINENTAL CURRENCY. Weight 363 grains, 40 mm. Extremely fine. Considering its extreme rarity we believe it worth 3000.00

769 1792 Cent, One Of The Early U. S. Mint Issues, Known As THE BIRCH CENT. A Very rare Colonial listed in Adams-Woodin "U. S. Pattern, Trial, and Experimental Pieces" as AW-10 with Rarity 14 (only 2 or 3 known). This rare cent is even larger than the large copper cent and has the name of the engraver Birch on the truncation of the neck of Liberty. This head, facing to the right, has short flowing hair and is surrounded by the same obverse inscription as was borne by the silver center cent, i.e. LIBERTY PARENT OF SCIENCE & INDUSTRY. The reverse is similar to the pattern used on large cents. The edge is inscribed TO BE ESTEEMED * BE USEFUL * This Very Fine specimen is also from the Col. Green Collection and may bring 1000.00

770 1776 NEW HAMPSHIRE CENT, From the Col. Green Collection. A great rarity. Although New Hampshire was the first state to authorize coinage apparently none materialized. The very few specimen known are probably patterns executed by William Moulton who was empowered by the State House of Representatives on March 13, 1776 to make a limited quantity of coins. Obverse shows a pine tree and the legend AMERICAN LIBERTY, Rev. Harp with 1776 below. This very good specimen should bring 750.00

771 1652 OAK TREE SHILLING, Crosby 8-F, Wurtzbach 18. This variety is of the most excessive rarity and is in Very fine condition 150.00

772 1652 OAK TREE SHILLING, Wurtz. 15. R4. Fine ob. and rev. but tree always delicate as stated by Mr. Wurtzbach 40.00

773 1652 OAK TREE SHILLING, Crosby 2D, R4. Obverse is Very fine Reverse Very Good. Considerable clipping around edges 40.00

774 1662 OAK TREE TWOPENCE, Crosby 35, R4. Fine 27.50

UNITED STATES COMMEMORATIVE HALF DOLLARS

The Ever Popular Series

912 COMPLETE SET From the 1892 to the 1946 Iowa and Booker T. Washington Set, lacking the 1922 Grant with Star. This is the FINEST COLLECTION of Commemorative Half Dollars I have ever seen. Each specimen had been selected for color, centering and perfection of die strike and enclosed in a Wetzel sealed acetate envelope. Not the usual 'assembled' set. All Brilliant Uncirculated, of course. It catalogs close to 1000.00

THE '1913' NICKEL OF CANADA

First Time Offered at Auction on This Continent

935 1921 FIVE CENT PIECE. The last date of the small 'half dime' silver five cent piece. Although mint reports show a total of 2,501,238 pieces, only 8 to 10 are actually known. What became of the balance is mere conjecture.

The value given this piece in the latest issue of "THE COINS AND TOKENS OF CANADA" is far below its true worth. It is interesting to note however, that the figure given in fine condition, is twelve times that of the 1921 Canadian Half Dollar. This despite the recent statement made by Mr. J. Douglas Ferguson that he knows of only four half dollar pieces as against three times that number of five cent pieces.

We shall not hazard a guess on what this piece will bring but will rely on the auction bids for it to find its level, be it $100 or $1000.

The coin itself has seen considerable wear but will very easily grade better than very good.

Significant Ads

Like significant events cause no stir at the time of occurrence. The following announcement which appeared in print a little over a year ago recalls a case in point.

BRIGHT UNCIRCULATED 1931 S CENTS
"Just As You Would Want Them"

Single Specimen	**$ 1.50**
Mints of 10	**12.50**
Rolls of 50	**50.00**

At this late date all orders accepted at above stated prices but no more selected specimens. Less desirable specimens now being supplied. I'd say the general run of the mint more or less slightly imperfect as coins usually come.

WEBBS MAIL AUCTIONS ARE PATRONIZED

largely by members of the A. N. S. and A. N. A. The little booklets have appeared every other month for the past 12 years, without a single skip. Over three hundred collectors have contributed coins for sale, some of them entire collections. No one has ever been dissatisfied and some have had listings in a half dozen issues. There must be a reason, and it might pay you to investigate. Only strictly high class material is offered. If you are a bidder, you receive them regularly.

The sizes given herein are generally stated in terms of U. S. coins, to facilitate determining the sizes you require for your foreign coins as well. If your coin is of such size that an exact opening is not provided on the list, then select the next larger size, since the acetate members above and below your coin will hold it in place anyway.

After all of the holders are arranged in the album page, an ingenious locking device keeps all coin Holder Inserts as well as contents securely in place.
